

Adam realizes that his company has slowly but surely been declining. He has to figure out why!!

Checking in with his employees, he realizes that they are all on the phone! He hasn't paid much attention to it before, but now it's affecting his business

Adam decides to take action, and has all of his employees download our productivity app. The app restricts the kinds of apps that the user is able to access

After the employees downloaded the app, productivity in the office skyrocketed! The company is making more money than it ever has!

Gunner Carlson

Because of this choice, Adam can sleep safe at night knowing that he is going to be able to make those house payments, and eventually get his kids through college!

Bryan is a young and motivated insurance broker. He works in an office daily and is climbing up the ranks in his company.

Bryan and his fiancée learning that everyone must work at home for now to a global pandemic

Now that Bryan is working from home, it's much easier to go on your phone and lose focus and productivity

Bryan then realizes how much time he has wasted and now can't eat dinner with his fiancée since he still has work to do

Since Bryan downloaded our productivity app, he was able to not only finish his work but work ahead too

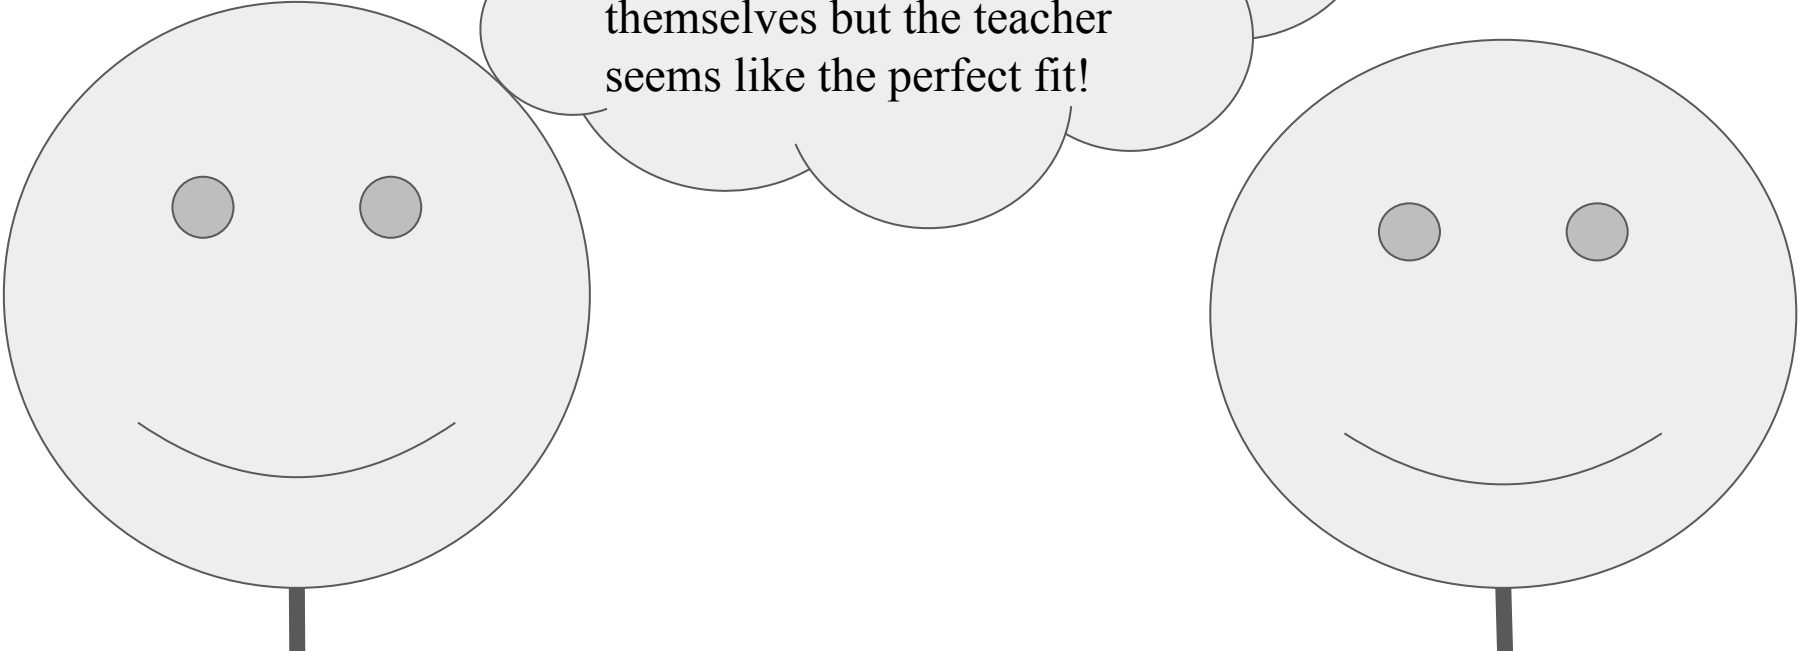

Bryan is now able to regularly eat dinner and spend more time with his fiancée

Create your own at Storyboard That

Ricky is always
wasting time on his
phone during class.

The parents told the teacher
about an app that lets the
teacher restrict the phone
during school hours. They
had thought of using it
themselves but the teacher
seems like the perfect fit!

This app will restrict usage during specified hours. Once the hours are over the functionality will continue like normal.

Image on phone is not representative of the final product.

Those are just big
words that mean
it'll help you focus!

Mom I can read, I'm
in middle school not
Kindergarten...

Ricky now spends more time focusing because he literally could not just open another tab.

(teacher would see that)

Image on phone is not representative of the final product.

Joshua is a free spirit who likes playing guitar, hanging out with his buddies, and posting on social media about playing guitar and hanging out with his buddies. Since he spends so much time pursuing the activities he enjoys, he never leaves enough time to take care of his responsibilities. If he continues on this way he will lose his job at Food Lion for sure.

Worrying for her son's well-being, Joshua's mother finds him an app that will help him successfully manage his time.

His mom shows him how the app can be used to set restrictions on the time that he spends on various apps, as well as give him reminders that he has certain work/priorities to take care of first.

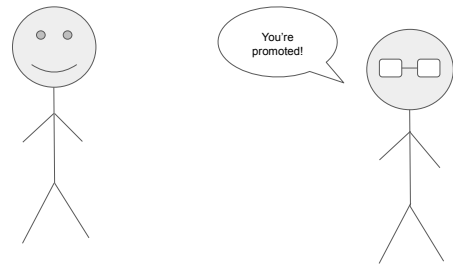

Joshua reluctantly sets his priorities for the week. He also uses the restrictions on the social media apps he is constantly posting on.

Joshua is now able to make it to work on time every day as well as take care of his other day-to-day priorities.

Food Lion

He becomes so productive that his boss takes notice and he gets promoted to Assistant Manager of his Food Lion. He now has a job steady enough to move out of his mom's basement.

Jennifer Thomas is a busy college student who gets distracted easily by her phone.

She can never seem to stop scrolling through endless social media posts and tik toks.

She knows that she needs more time dedicated to studying so she has downloaded the Social Media limiter app

By staying off of social media her grades have begun to improve and she now has more free time

The Social media app has completely changed Jennifer's studying habits and improved her productivity.

Thanks to the Social Media limiter Jennifer can now have time to study and relax.
